

Why Magnets?

They are effective, safe, inexpensive and not time-consuming.

No medication required, non-addictive and no known side effects associated with their use

No messy or smelly salves or creams are needed and no needles or injections.

The Magnetic therapy reveals the theories of how placing a small magnet on an affected area of your body interrupts your brain's pain pathways. Once you have located your body's pain trigger points, you can use magnets to accelerate your body's healing power and to achieve lasting relief from pain. When combined with a sensible exercise program and a health-enhancing diet, magnet therapy can increase your body's resistance to pain and improve your overall fitness and well-being. The compelling medical evidence in The Magnetic therapy demonstrates that therapeutic magnets are a safe and cost-effective alternative to chemical painkillers. The pain treatment techniques described in this book make clear how you can use magnets to overcome the pain associated with many common ailments and injuries, without special training, and without the negative side effects that often accompany painkilling drugs.

RushStar's Theory:

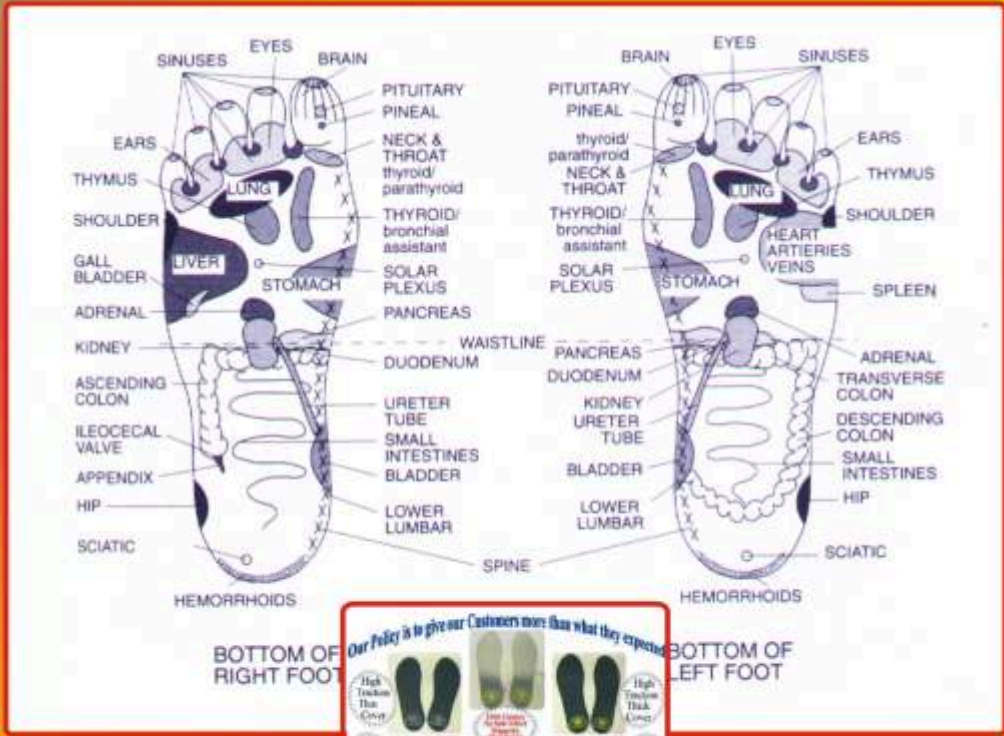

the secret is in your own blood!

Because Blood Haemoglobin contains iron bonded to oxygen the magnetic field of RushStar's magnetic device creates electric charge that improve brain pulses conductivity, improving the whole body functionality.

Congratulations You've Got a Relief

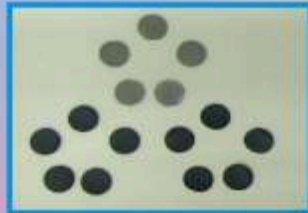

Magnetic Therapeutic Package

Your Home Magnetic Therapy
Package Contains:

Magnetic Spots , Including 5 Magnetic Spot, 5Black soft covers, 5 Black cushion covers.

User Easy Instructions: peel off the Blue(Cyan) cover, and stick the RushStar's Magnetic spot on the Injury, leave for as long as you desire, the Magnet adhesive is water proof, you can path\wash with it, effect is noticed after only 5 minutes of the application. for sensitive skin or sensitive hairy area, use the Band-aid to hold the RushStar's Magnetic spot against the pain area (with out peeling off the blue cover). for more comfort you can peel-off the blue cover and stick the Soft cover or the cushion cover instead, this will add a long period comfort. please notice to keep the silver mirror direction to the outside all times.

Easy Instructions: peel off the Blue(Cyan) cover, and stick the RushStar's Magnetic pad on the Injury (special Back pain), leave it for as long as you desire, the Magnet adhesive is water proof, you can path\wash with it, effect is noticed after only 5 minutes of the application. for sensitive skin or sensitive hairy area, use the Band-aids to hold the RushStar's Magnetic pad against the pain area (with out peeling off the blue cover). for more comfort you can peel-off the blue cover and stick the Soft cover or the cushion cover instead, this will add a long period comfort. please notice to keep the silver mirror direction to the outside all times.

MAGNETIC Shoe Insert

RUSH STAR's Magnetic Shoe Insert

This unsurpassed RUSHSTAR shoe insert uses the magnetic healing power . As you know, in reflexology, our feet are mirror of all of the organs in our body. By properly manipulating these acupressure points, a skilled operator can actually "reach and feel" each of these organs which control our well being! By using RUSHSTAR magnetic inserts, these acupressure points are constantly "massaged" by the therapeutic magnets which professional therapists say relieves pain, swelling and tenderness as well as giving energy and improving blood circulation.

RUSHSTAR's shoe inserts are bi-polar, very thin, and flexible. These magnetic inserts were examined under a Magnetic Field Viewer, and clearly see that they are composed of many thin alternating pole lines running from heel to toe. Many believe that this is the best way to go.

It is a proven fact "When your feet hurt, your whole body hurts." RushStar Multi-pole magnetic inserts will "Make your day!" We have received fantastic reports from people in all walks of life who say how good they feel after a few days on these magical magnetic inserts.

These are quality made with a 3 layers composition. A comfortable RushStar Multi-pole magnetic insets™ material next to your feet, then a 1750 gauss flexible magnetic layer laminated to a high quality adhesive material on the bottom. Many body functions are affected by the soles of the feet. These multi-pole magnetic inserts help stimulate these points with increased blood flow. Inserts can be trimmed to any size.
